- Please do not use tape or tacks on cabin doors, walls, or floors. Poster putty or wall tape is available to hang items.
- Upon completion of your rental, all facilities and equipment used are to be left in the same condition as they were upon arrival. Please return all equipment back to its proper place after use. Rental groups who damage the facilities or who require additional clean-up will be invoiced.

Campfires

- We have multiple fire pits at Camp available for your use. Campfires must be approved in advance by the Rentals Host and are permitted only in the designated fire pits.

Contact Tracing

- The health code requires all rental groups to fill out an attendance ledger that includes the guest's first and last name, guardian's first and last name (if applicable), mailing address, and phone number. This information is kept in the office and is only used in the event that contact tracing is required.

Emergencies/First Aid/Medical Care

- The Rentals Host must be notified when emergency situations occur, such as serious injury, lost or missing guests, fire, and anytime 9-1-1 is called.
- Guests must provide their own arrangements for emergency transportation. Calling 9-1-1 activates the EMS system in Portage County with First Responders and an ambulance staffed with paramedics responding.
- Rental groups are responsible to provide their own First Aid care, supplies, and equipment. The Wisconsin Lions Foundation, Inc. (WLF) does not provide medical supplies, equipment, or treatment. Medications must be locked up. Rentals Staff can provide a lock if needed and all wardrobes can be locked.
- Rental groups are strongly advised to bring a group member with CPR and First Aid certifications who will be on-site during the length of their program.

Flashlights

- For your convenience, flashlights are located in the lounges of all of our residential buildings. Feel free to use them throughout your stay before returning them to the lounge upon your departure.

Group Leaders

- Group leaders need to schedule an orientation with the Rentals Host regarding the Facility Use Rules and Procedures as soon as the group has arrived and is responsible to ensure the rules and procedures are enforced.
- We strongly advise group leaders collect a listing of any guests with known allergies, health conditions requiring treatment, restrictions or other accommodations while on site, emergency contact names and phone numbers, and signed permission to seek emergency treatment for those guests not supervised onsite by their guardian.

- WLF reserves the right to terminate any activity, behavior or program and eject any person from the facility that is deemed potentially harmful to the guests, facilities or image of the WLF.

Personal Sports Equipment

WLF also screens returning paid and volunteer seasonal employees, and full-time and part-time year-round staff on a regularly scheduled basis.

About Us

Wisconsin Lions Camp

Founded in 1956, the Wisconsin Lions Camp provides a free camping experience for Wisconsin youth and adults with disabilities. Campers participate in a variety of activities to help develop lifelong skills, including independence, teamwork, resiliency and a sense of purpose. Camp encourages connection with nature, builds self-esteem, nurtures friendships and promotes growth in a safe environment. Campers attend one of ten one-week sessions between June and August. The rest of the year, the Wisconsin Lions Camp is available to rent. Fees from the Rentals Program help fund Summer Camp. The Wisconsin Lions Camp is a project of the Wisconsin Lions Foundation, Inc.
